AMENDMENT

Sir:

In response to the Office Action dated March 22, 1999, please amend the above-identified application in the following manner:

IN THE CLAIMS

A,
SUB
BL

1 (Once Amended) A method for integrating a user interface across multiple operating modes of a digital camera having a display, wherein when the digital camera is placed into [each one] at least two of the multiple operating modes, mode-specific items corresponding to that mode are displayed on the display, the digital camera including a first button and a second button for interacting with the multiple operating modes, the first button having a first orientation and the second button having a second orientation, the method comprising the steps of:

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to Commissioner of Patents and Trademarks, Washington, D.C. 20231, on August 19,
